

Photonics North 2006

Europe - Canada Workshop on Research in Photonics

(DRAFT) AGENDA (at May 24)

Date: Wednesday, June 7, 2006

Time: 13:30 to 17:00

Location : Quebec City, Quebec

Room: 2104 A, Quebec City Convention Center

Master of Ceremonies:

Mr. Robert Corriveau

President, Canadian Institute for Photonics
Innovations (CIPI)

13:30 **Welcome/Opening Remarks:**
Mr. Robert Corriveau, President, CIPI

13:40 **Photonics - related research activities in Europe**

1. European Research and Development: Framework Programme 7
(Prof. Mounib Mekhilef, Head of European Union Projects – Industrial Engineering Department – Ecole Centrale Paris – France (IST-EC-2 Coordinator)
2. Presentation on the Information Society Technologies – Europe Canada 2 (IST-EC2) Project, Andrew Cameron, President, Maplehurst Consultants (IST-EC2 European Project Partner)

14:00 **Photonics – related research activities in Canada**

3. University research investment in photonics by Canadian Government
Mr. Robert Corriveau, President, CIPI
4. The Impact of Spin-offs and Licensing in Physics in Canada (Dr Paul Vincett, Chair in Management of Technology Enterprises, Wilfrid Laurier University)
5. Photonic research projects within CIPI (Dr. Robert Fedosejevs, University of Alberta)
6. Dr. Peter Mascher, William Sinclair Chair in Optoelectronics and Program Director, Ontario Photonics Consortium (OPC), McMaster University, Hamilton, Ontario
7. Photonic research projects within Center for Optics, Photonics and Lasers (COPL) (Dr. Réal Vallée, University Laval)
8. Research in Photonics at Defence Research and Development Canada (DRDC) (Phil Twardawa, Head of Electro-Optical Warfare Section)

15:00 **Break**

15:30 **Photonics – related partnering opportunities**

9. Potential Partnering with Defense Industry (Mr Alain Fecteau, CEO of Technopole-Security & Defense)
10. Mr. Richard Bastien, President, Phasoptx, Montreal, Quebec
- 11.
- 12.

16:30 **Questions and Answers**

17:00 **Workshop Adjourns/Individual Networking**
